

C2500

DLIVE REMOTE CONTROL SURFACE

The C2500 is a 20 fader dLive remote control surface with 12" capacitive touchscreen.

The C2500 can control any MixRack / Mainframe. Up to 4 control surfaces can be connected to a single MixRack / Mainframe.

20 faders & 20 rotaries are freely assignable in 6 layers on the surface, giving 120 control strips.

The dLive C2500 can be connected with a Single CAT5e cable to the Mixrack/Mainframe.

With the C2500 surface you can choose the control for the end user through customer layouts and user permissions.

Key Features

- Mix and match with any MixRack
