

## Ortega LIZZY-PRO Long Scale Ukebass:

Ukebasses have become a phenomenon in the last couple of years. Anybody who plays one for the first time is impressed by the huge and full sound these small basses produce when plugged in. The LIZZY-PRO is the bigger brother of our Lizard Series ukebasses. It features a 625 mm scale, a solid mahogany top and mahogany back & sides. Like all basses in the Lizard series it has the laser engraved lizard rosette and Aquila Thundergut Ukebass strings (longscale version). It also comes with a FREE deluxe gig bag and a nylon strap.
