

## PRODUCT OVERVIEW

The **DYMO Rhino M1011 Metal Tape Embosser** makes 12 mm stainless steel and aluminum labels (with or without adhesive) that resist extreme weather, temperature, chemical, and UV exposure. The M1011 features a front scissor cut-off and a built-in hole-punching device that makes a hole for hanging and tacking. Imprints 12 mm wide metal tapes that withstand chemicals: extreme weather conditions: very high and low temperatures: salty water and abrasion.

### What's in the box:

- One M1011 Metal Tape Embosser
- One Horizontal.188" Character Wheel
- One Reverse Image Wheel
- One Roll 12mm x 4.80m Non-Adhesive Aluminum Tape
