

## PRODUCT OVERVIEW

The easy to apply Dymo S0722370 Address Labels is a fantastic option for all offices. This particular Dymo S0722370 labeling tape twin pack comes with 130 individual labels per roll, which are 89mm x 28mm in size. This makes the Dymo address labels ideal for labeling most items around the office. The Dymo S0722370 tapes are inexpensive, plus its simple application makes the tape a favorite among customers. The white background blends well with the black text print, so the Dymo standard address labels are extremely bold and clear. They use a thermal transfer technology to print texts which eliminates the need for ink and toner. Ideal for long addresses, file management, and organization in your home or office.
