

## PRODUCT OVERVIEW

The Dymo Transparent Large Address Label has a non-permanent adhesive backing that can be removed easily from the applied surface. The Dymo LabelWriter Large Address Labels provide stylish, custom labels with a large size of 89mm x 36 mm that is ideal for long addresses, file management, and organization in your home or office. Each label peels off easily without leaving residue and can be printed just one at a time if needed for less waste and no jams. They use a thermal transfer technology to print texts which eliminates the need for ink and toner. Compatible with all Dymo LabelWriter models, these clear address labels provide clear, concise labeling every time. In this package, you will get 260 labels in a single, compact roll.
