

## PRODUCT OVERVIEW

The Dymo LabelWriter\_x0099\_ Multipurpose Label has a non-permanent adhesive backing that can be removed easily from the applied surface. The Dymo LabelWriter Multi-purpose Labels provide stylish, custom labels with a large size of 19mm x 51 mm that is ideal for addresses, file management, and organization in your home or office. LabelWriter labels offer high-quality prints with maximum performance. Each label peels off easily without leaving residue and can be printed just one at a time if needed for less waste and no jams. They use a thermal transfer technology to print texts which eliminates the need for ink and toner. Packaged with one roll of 500 labels meaning you have a cost-effective solution to your labeling needs.

- Die-cut labels ideal for a variety of applications.
- Direct thermal print technology provides clear text without messy, expensive ink or toner.
- Packed in rolls, so that you can print one label or hundreds with ease.
- Black print on white for a sharp contrast and easy readability.
- Compatible with all Dymo LabelWriter label printers.
