

THINKVISION LT2024 20" MONITOR

**VERSATILE SPACE-SAVER.**

**A BRIGHT, CRISP DISPLAY THAT SUITS ANY WORKSPACE.**

Optimized for multi-monitoring

The ThinkVision LT2024 20" display is versatile to work the way you do – as a traditional standalone monitor; in a multi-monitor environment; or in situations where workspace is limited. The bright, crisp LCD HD+ anti-glare screen displays graphics as well as it handles data. Made from 85% post-consumer recycled material, it's a perfect green solution too.

WHY BUY THE THINKVISION LT2024?

**1 CRYSTAL-CLEAR VISUALS**

The 20" LCD HD+ (1600x900) anti-glare screen is perfect for displaying any content from hi-resolution images to the most minute data. The DVI connector ensures accurate image quality.

**2 FITS THE WAY YOU WORK**

Light and slim, with a consistent 16:8mm front bezel, the LT2024 fits easily into multi-monitor environments. It supports Tiny via VESA bracket, and the Lenovo USB Soundbar to free your desk of speakers.

**3 A GREEN LEADER**

The display is truly Green since it's made of 85% post-consumer recycled material for all main plastic parts, WLED backlighting reduces power consumption, and it boasts numerous green certifications.

WHO NEEDS A THINKVISION LT2024?

**1** Office workers with limited workspace, but the need for a high-quality display.

**2** Data analysts who require multi-monitor support and a particularly bright, crisp display.

**3** Organizations seeking a Green display solution versatile enough for varied workspaces or mass deployments.
