

Key Features

- Allows Scanning of Transparent Materials
- Designed for Films and Slides
- Can Be Used with Regular Paper
- Comes with Film Holders

This **A3 Transparency Unit** from **Epson** is as an accessory for the Expression 12000XL scanner. It fits onto the scanner by replacing the document cover and enables you to scan transparent materials such as films and slides in full color. For ease of use, the transparency unit can remain installed for scans of regular paper and opaque objects.
