

IDEAL AP40 PRO air purifier

for 30-50 sqm, 440 cbm/h

The IDEAL AP 40 PRO is a compact air purifier for pure indoor air for room sizes of 30 to 50 m²*. Novel 360° multi layer filter system with long life HEPA filter technology and highest amount of specialized active carbon ensures a maximum of air throughput and a optimum of filtration.

The compact air purifier IDEAL AP40 PRO combines clear design with efficient air purification, while causing low noise emissions and low power consumption.

professional air purifier for printer workshops

high performance 360° filter consists of a fine mesh prefilter, true HEPA filter and a layer with a very high activated carbon portion

360° filter has to be changed after 12 months, depending on the intensity of the usage

EASY-TOUCH control in an intuitive and comfortable way

status indicator - The current air quality is indicated in a three-colour code via LED in the EASY-TOUCH panel.

low energy consumption thanks to GreenTech EC-motor

„IDEAL AIR PRO“ App enabling further control and survey of your device (available at Google Play & Apple App Store)

air through put: up to 440 m³/h

fan speed levels: 5

noise level: 16.7 - 61.7 dB

power supply: 230 V, 50/60 Hz

power consumption: 5-75 W

dimensions: W 255 x D 298 x H 398 mm

net weight: 3,6 kg

washable textile cover as extra prefilter and remote control included
