Product availability varies by country. Please contact your Dell representative for more information. Based on Dell document Ad#G12004401 www.dell.com/monitors

Do more with a Dell dual monitor stand. Enhance productivity and comfort.

With the Dell dual monitor stand you can easily snap on two Dell monitor panels with the Dell Quick Release mount and enjoy improved productivity and a clutter-free desktop. Tilt, swivel, height adjust and horizontally slide the monitors on the stand to customise to your preferred viewing angles.

This U-shaped monitor stand also frees up productive desk space in front of the monitors and reduces cable clutter with a cable management slot at the stand riser.

Giving you the capability to do more

- Flexible adjustment to help with multi-tasking and group work
- Allowing you to see more and work with more people in a comfortable posture

You can do the set-up easily

- Easily slot Dell Quick Release mount monitor panels to the dual monitor stand without needing screws to secure them.
- Adapters allow any VESA-compliant monitor to be attached to the stand.

Improve your workstation aesthetic

- Reduce cable clutter with an integrated cable management slot at the stand riser.
- Free up space in front of monitors with one U-shaped stand rather than two monitor stand bases.

Swivel

Swivel +/- 15° to enhance the viewing experience. Increase effectiveness when multi-tasking.

Height adjustment

With 11 cm (4.33 in) of height adjustment range, you can adjust to the best position for your height level.

Tilt

From -4° to +20°, you can tilt the monitor angle to your view when you are not in a seated position.
