

About Soundcraft JB0159

The Soundcraft Gooseneck Lamp with a 4-pin, right angle XLR connector is an essential accessory for any rack or workstation with low light. Perfect for tasking, upgrading, or servicing, this 18" gooseneck can shine anywhere. Light output is white. This light can be used anywhere a standard xR-4-Series gooseneck works.

Gooseneck

The 18" (45 cm) gooseneck allows this light to shine in any direction with ease.

XLR Connector

The XLR connector base allows this light to work anywhere that a standard xR-4-Series gooseneck works.

Light

The 5W brightness of the bulb ensures that this light will shine bright enough for any task.
