

PRODUCT OVERVIEW

The pack of five white **WM81 MicroLite Wiremesh Caps** from **AKG** can be used with the LC81 MD (lavalier), EC81 MD (ear-hook), and HC81 MD (headworn) reference lightweight cardioid microphones to protect the membrane from wind and pop noise, as well as environmental dirt.

Every microphone in the MicroLite Series is a star performer, ready to deliver great sound under the most intense conditions. Cardioid versions can be used without protection, or with the WM81 wire-mesh protection cap. The special cap protects the membrane from wind and pop noise as well as dirt, such as makeup or dust.

Features

- LC81 MD reference lightweight cardioid lavalier microphone
- EC81 MD reference lightweight cardioid ear-hook microphone
- HC81 MD reference lightweight cardioid headworn microphone
