

Item# 3410H00080

General Specifications

Frequency bands 606,100 – 613,900 MHz

Diversity system Antenna switching

Audio bandwidth 40 – 20 000 Hz (+/- 3dB)

Tuning range Up to 30 MHz (depending on frequency band)

RF output 10, 20 or 50 mW (depending on frequency band)

Max. channels Up to eight compatible channels within one frequency band

Frequency selection Fixed frequencies

Modulation FM

Radio range (Line of sight) 30 meter (with external antennas further distances achievable)

Rack size ½ Racksize (19")

Dimensions 150 x 44 x 200 mm
