B/W MULTIFUNCTIONALS FOR A3 FORMAT

THE RELIABLE AND COMPACT OFFICE COMPANION.

ENERGY STAR

KYOCERA Document Solutions

KYOCERA Document Solutions

A COMPACT AND TOUGH DEVICE TO CARRY OUT YOUR BUSINESS TASKS.

The new TASKalfa 2201 multifunctional series has been designed to execute all the current business tasks coming up in busy offices. It handles documents up to the A3 format, and achieves print and copy speeds of up to 18/22 A4 pages and 8/10 A3 pages per minute. The prints produced by these devices have an image resolution of 600 dpi and a greyscale of 256 shades, which ensures that your documents will always be of outstanding clarity. Moreover, their world-renowned long-life components make them exceptionally reliable and drastically reduce the potential downtime and waste.

The TASKalfa multifunctionals come with a print, copy and colour scan function as standard, and you may add a network functionality, a fax function, a document processor or supplementary paper cassettes to keep up the workflow if you often have to handle large jobs. Furthermore, the optional duplex unit for double-sided printing, helps you to save resources and reduce your paper costs. Whatever your needs are, the flexibility, compact design and user-friendliness of this TASKalfa series make these devices the best possible choice for your office.

ADDITIONAL FEATURES TO EASE YOUR BUSINESS ROUTINE.

These multifunctionals can be complemented with a wide range of convenient functions, making them even more productive. They can be expanded with a network print and scan function and an optional fax unit, which can be a helpful addition when sharing the device and having to transfer data efficiently. A convenient feature when many people share the device is the standard print box functionality that enables users to temporarily store a print job. This prevents undesired mixing of printed documents. Finally, the ID card copy function allows you to copy both sides of an original ID card in one operation on to a single sheet and the layout mode enables you to downsize two or four originals to make them fit on to one page.

1. Increased efficiency with the optional DP-480 50-sheet reversing document processor

2. Easy-to-use control panel for quick access to all digital functions

3. Optional duplex unit DU-480 saves paper resources

4. Standard 400-sheet paper supply can be expanded with up to 3 additional cassettes to max. 1,300 sheets
