HP UltraSlim Docking Stations

Ultrathin connectivity designed as sleek as your notebook

Product Features and Benefits

1 Your notebook, docking station, cable and monitor must all support USB 3.0 to benefit from the advanced speeds or features that this technology provides. If one of the attached devices does not support USB 3.0, the system will only

- *Designed exclusively for ultraslim HP EliteBook Notebooks*
- *Expands display, network, and device connectivity so you can be more productive throughout the day—all through a simple one-click slide-in side dock*
- *Four USB 3.0 ports offer high-speed connectivity to the USB devices you use most. USB 3.0 reduces the time required for data transmission (vs. USB 2.0)¹, is backward compatible with USB 2.0, and is bi-directional*
- *DisplayPort and VGA ports deliver legacy and future compatibility with your choice of video devices and an Ethernet/LAN port keeps you online*
- *Line in and Line out supports your multimedia and video conferencing requirements*
- *Optional integrated HP Docking Station Cable Lock allows you to secure your docking station and notebook with one lock. Also supports an optional industry standard notebook lock²*
