Power Supply:	AC 100-240 V / 50/60 Hz
Power Consumption:	60 W
Dimensions (W*D*H), mm:	268 * 210 * 237
Weight, kg:	3.9

Heavy-duty Bill Counter

Universal Bill Counter

Works efficiently with wornout bills

Product Features:

- Multiple-currency counting ● Works efficiently with bad quality bills.

- Sensors can be adjusted to different currencies with Sensors Parameter Setting.

- ValuCount™ uses the selected denomination to calculate the total monetary value of bills counted. Functions include Count, Add, Batch and Add with Batch modes too.

- Ultraviolet sensors check for counterfeit bills and stop counting with an alert if a suspect bill is detected. The UV/MG model includes magnetic ink detection as well for an extra layer of security.

- Infrared detectors ensure that bills are counted accurately and avoid errors such as chains, double bills and half notes.

Advantages:

- High quality construction assures reliability in performance.

- Fast and easy to use with simple yet sophisticated interface design.
