

16" CityGear Backpack

TCG650

Overview

Our deluxe ergonomic notebook backpack for the student or professional, the CityGear Backpack features sleek styling including reflective material accent on the front pocket and premium storage options. Other features are a front organizational pocket with key clip and pen loops, deluxe document and accessory storage areas, a scratch-free pocket designed to protect an iPad®, eReader and most tablets up to 10". To alleviate the stress on your back, it has contoured, padded ergonomic shoulder straps along with an internal soft rack.

Features

- A comprehensive business workspace with all of the compartments you need to carry files, business cards, keys, storage drives and other on-the-go essentials.
- Designed to fit a range of laptops with screens up to 16" in size; including models with an extended battery.
- A foam padded laptop compartment helps absorb the shock of regular use and protect your laptop from other objects in your bag.
- Extended compartment space for those who pack expecting the unexpected.
- Standard compartment space for those who want the flexibility to carry more.
- Easily accessible water bottle holder placed safely away from sensitive electronics and important files.
- Notebook sleeve fits laptops with up to 16" screens
