

Overview

It's no surprise that hackers are looming around nearly every inch of the Internet. One easy target? Your webcam. Protect yourself with three Targus Spy Guard Webcam Covers. Even the FBI recommends covering your laptop webcam.* Once attached it'll securely stay in place. It easily slides open and closed so that it's a breeze to access your webcam whenever you're prepping for a video conference or virtual hangout. It couldn't be easier to block hackers.
