## Features

The ATM350a is the ultimate microphone solution for discreet, rock-solid mounting on your instrument of choice, from Piano to 20-piece Drum Kit.

Offering a crisp, clear, well-balanced response, even at extreme SPLs, the ATM350a is ready to capture your sound, whatever instrument you choose.

The ATM350UcW is equipped with a lockable output HRS 4 pin connector compatible with all Audio-Technica UniPak™ bodypack transmitter wireless systems. The ATM350UcW comes packaged with the AT8491U Universal Mount which fits tightly and securely to a multitude of instruments.

The ATM350UcW Wireless Cardioid Condenser Instrument Microphone w/ Universal Clip-on Mounting System includes: ATM350acW microphone, AT8490 gooseneck, AT8491U universal mount, AT8468 velcro mount and a hard carrying case
