

Description:

Offering Tone, Feel, Looks, And Quality...

Guitars in the LTD EC-1000 Series are designed to offer the tone, feel, looks, and quality that working professional musicians need in an instrument with the pricing that typical musicians can still afford.

The EC-1000QM offers the sumptuous look of a quilted maple top along with the classy LTD Deluxe features

that set it apart from other guitars in its range, such as abalone inlays and purfling, full body/neck/headstock

binding, and premier components like LTD locking tuners, a Tonepros locking TOM bridge and tailpiece, and the

aggressive punch of active EMG 81/60 pickups. It also offers set-thru construction with a mahogany body, 3 pc.

mahogany neck, and 24-fret pau ferro fingerboard.

Features:
