

The BHype Mobile combines the professional acoustic performance of the BH family with the advanced versatility of a complete portable PA equipped with a wireless microphone system, media player with Bluetooth connection, SD card and USB port, plus a long-lasting battery, Wheels and a retractable top handle - everything you need for professional performance on the go.

A perfect solution for traveling shows, street music, nouveau cirque, speeches and all kinds of outdoor and non-conventional venues. The system is equipped with: a 1 in. Compression driver outlet. and a 10-inch woofer. The inputs section allows the user to connect: up to three wired inputs, a wireless microphone and various media inputs (including Bluetooth®).

The user can also connect the audio output to a second speaker. The control section is equipped with an equalizer and a CH1 / RF priority function that attenuates the level of each channel, except Channel 1 and the radio microphone, for an automatic bypass effect. The compact and sturdy cabinet (only 12.5 kg - 27 lb.) is equipped with wheels and 3 handles (1 on each side and 1 retractable on top). The 36mm pole mount also allows use on a speaker stand. B · Hype M is available in two versions: with handheld transmitter (B-HYPE M HT range) or with bodypack transmitter (B-HYPE M BT range). Both versions are provided with a wireless antenna.

Technical data

- Speaker Type Bi-amp battery-powered speaker

Acoustic Data

- Frequency Response [-10dB] 62 - 20000 Hz
- Max SPL 123 dB
- HF compression driver 1 "
- LF 10 "
- Dispersion 90 ° H x 45 ° H
- Crossover frequency 2400 Hz

Amplifier

- Amp Class D SMPS
- Peak Power 190 Watt
- Special Features Digital battery charger,
- Battery management and
- power saving functions
- User Interface 1x OLED Display with 6 keys for media management
- Wireless Input 1x UHF diversity receiver,
- IR sync function
- Mic / Line Input XLR / 1/4 " Jack Combo (Mic - Line)
- Stereo Input 2x RCA In + 1x mini-Jack
- USB Media Reader USB Type "A" port for media files
- (MP3-WMA-AAC) + SD card
- Bluetooth® Input 1x Bluetooth® receiver
- Mix Out 1 / 4 " Jack (unbalanced)
- Volume Controls 4x rotative knobs
- (Mic / Line, Stereo In, Master, Media)
- Controls 1x Treble and 1x Bass Equalizers
- Indicators 2x LEDs (LIMITER, SIGNAL)
- Mains VDE Socket
- 1x 3-position switch

- (On, Off, Recharge)

Input Section

- Mains connection VDE
- Signal IN 1x Combo (XLR / TRS) balanced;
- 1x stereo RCS;
- 1x mini-Jack
- Signal OUT 1x TRS link
- Controls Master Volume, EQ (treble, bass), CH1 / RF priority
- Half

Mechanics

- Housing Polypropylene PP
- Handles 1x side, 1 on top (retractable)
- Grille Full grille
- Width 300 mm (11.81 in)
- Height 568 mm (22.36 in)
- Depth 301 mm (11.86 in)
- Weight (without transmitter) 12.5 kg (27 lbs.)
