

Take your WA-251 on the road in style with the Warm Audio WA-251 Flight Case. This is designed to house and transport all aspects of the WA-251 microphone system. The case is fashioned out of aluminum, and boasts a top lip dressed in a soft, ribbed foam. The main compartment has rubberized foam molded to house and cradle all the components of the WA-251 mic system. With prominent latches, this case should keep your mic snug, safe, and secure.
