

PRODUCT HIGHLIGHTS

An advanced tri-element analog ceiling microphone array for conferencing and sound reinforcement applications with superior sound quality and adjustability for desired height.

- Full 360-degree coverage.
- LED indicators for On/Mute.
- Optimized for speech-intelligibility with full audio bandwidth and highest SNR.
- 100% shielding against RF interference.
- Numbered microphone elements for easy identification.
- Height easily adjustable from 0 feet to 7 feet.
- Sleek, unobtrusive design.
- White or black color options.
- Works with ClearOne and other 3rd-party DSP mixers.

Low latency and signal issues, often found in wireless connectivity, are no longer a problem with wired connectivity
Capable of throwing low subs and soaring vocals with 70 Hz - 20 kHz frequency

Cardioid pattern captures sound from the front and avoid unwanted signals from other sides to ensure noise-free recording
Handy in distant communication

SPECIFICATIONS

General Information

Manufacturer	ClearOne
Manufacturer Part Number	930-6200-103-W-A
Manufacturer Website Address	http://www.clearone.com
Brand Name	ClearOne
Product Name	Ceiling Mic Array Analog-X 1 Array (3 Channels), White
Product Type	Microphone

Technical Information

Connectivity Technology	Wired
Minimum Frequency Response	70 Hz
Maximum Frequency Response	20 kHz

Microphone

Microphone Technology	Electret Condenser
Polar Pattern	Cardioid
Microphone Type	Ceiling Mount
Microphone Sensitivity	-37 dB

Miscellaneous

Package Contents	1 x White Color Mic Capsule 1 x Analog Junction Box 1 x Analog Interface Box
Environmentally Friendly	Yes
Environmental Certification	RoHS WEEE

Overview

ClearOne Wired Electret Condenser Microphone

70 Hz to 20 kHz -37 dB - Cardioid - Ceiling Mount

An advanced tri-element analog ceiling microphone array for conferencing and sound reinforcement applications with superior sound quality and adjustability for desired height.

Full 360-degree coverage.

LED indicators for On/Mute.

Optimized for speech-intelligibility with full audio bandwidth and highest SNR.

100% shielding against RF interference.

Numbered microphone elements for easy identification.

Height easily adjustable from 0 feet to 7 feet.

Sleek, unobtrusive design.

White or black color options.

Works with ClearOne and other 3rd-party DSP mixers.

Package Contents:

- 1 x White Color Mic Capsule
- 1 x Analog Junction Box
- 1 x Analog Interface Box
