

PRODUCT HIGHLIGHTS

The CHAT 50 USB Plus IP Phone is a mobile audio peripheral that connects to a wide variety of devices and provides crystal-clear, hands-free audio communications. It provides unmatched full-duplex capability, which allows users to simultaneously speak and listen without audio cutting in and out. It also provides high-quality audio playback for music, gaming and other sound files.

Enjoy superior voice communications while retaining the convenience and user-friendliness over Internet

Uses VoIP technology to transfer audio signals over the Internet while circumventing high toll charges by telephone companies

Form Factor: Desktop

Weight (Approximate): 8.82 oz
