

PRODUCT OVERVIEW

The Elmo 1320 Replacement Tablet Pen is designed for use with CRA-1 Wireless Slate / Tablet. This precise and lightweight pen provides mouse functions and makes writing smooth and easy.

Teachers can use this pen to annotate online educational materials and images captured by a document camera, or to enhance their own digital teaching materials. For added emphasis, adjusting the amount of pressure applied to the pen when writing changes the thickness of the lines. This Tablet Pen also works as a computer mouse to operate all your computer functions.
