

New United ET-15C

If you need more than just a typical department store shredder for your home or office, the New United ET-15C is a great choice. This tower design shredder is robust and keeps up with most office shredding needs. It features a 15 sheet shredding capacity (based on 15 sheets of 20 pound bond paper) and a 9.1" throat width.

A separate slot can be used to shred CDs, DVDs and credit cards. The standard shredder blades can also handle paper clips and staples. The shred bin pulls out from the side of the shredder and is easy to empty. A small window in the bin allows the operator to see shredded paper. The paper is highlighted by a built-in blue LED light while it is shredding. The entire look and feel of this shredder is impressive.

This shredder is remarkably quiet. It also touts a Level I3 shred capacity, which is perfect for shredding invoices, bills, patient records and other sensitive documentation. The higher capacity bin basket made it easier to shred more and more documents without emptying the bin after each duty cycle

More Information

PRODUCT NAME	New United Cross Cut Shredder ET-15C
WEIGHT	27.00
MODEL NUMBER	ET-15C
ENTRY WIDTH	230 mm
DIMENSIONS	640 x 302 x 435 mm
SHEET CAPACITY	15
CUT TYPE	Cross Cut

SHRED SIZE	3.9 x 38 mm Cross Cut
SECURITY LEVEL	P-4
BIN CAPACITY	26.5 Litres
COLOR	Black
