

## PRODUCT OVERVIEW

The AL103A provides you 30" of mountable length, so you can attach several boom cymbal holders, tom holders, electronic drum modules, music sheet holders, and many more; without any additional stands that leave you with a cramped floor space.

### Pearl AL103A Curved Rack Rail Features

- Versatile 28" rack rail lets you add to your existing Icon Rack setup.
- Slight arc design allows it to flow around other stands and features of your existing setup
- Bridges easily over most kick drums to join two side racks together
