

Technical Parameters

Notice: The parameters below are only for your reference.

Type
Reeyee-SP
Scan Mode
Auto Rotary Scanning,Free Scanning
Collage Mode
Rotary Table Auto Collage, Mark Point Collage, Manual Collage
Scan Precision
0.05mm
Scan Range (Fixed Type)
200*150mm
Scan Range (Professional)
1200*1200*1200mm (With Add-on Professional Pack)
Scan Speed
≤3min
Color Mode
24-Bit True color, Support for texture export and import, Texture segmentation edit modification
Output Format
STL、ASC、OBJ、PLY、VTK、OFF
Sensor Resolution
3.1MPX Industry CMOS
Coded Transmitter
LED Cold Light (Eye Safety)
Shooting Distance
400mm
Working Temperature
0°C~40°C

Machine Size

607*240*214mm

Machine Weight

1.9kg

Adapter Voltage

DC 12V ,5A

Maximum Load Bearing of Rotary Table

5kg

Computer Configuration

OS: Windows7 (64 bit) CPU: Intel i5

Recommendation

RAM: 4GB min GPU: NVIDIA GTX650 min.
