

Product Dimensions
W520*D500*H675 mm
Package Dimensions
W800*D770*H700 mm
Package Weight
About 80 kg
Max. Build Volume
345*195*H370 mm (15.6")
Printing Speed
7-9 Second/layer (0.05 mm) , 5-20 mm/hour
Printing Technology
4K LCD Light Curing
Wavelength
402.5-405nm
Connectivity
USB、wifi
Operating System
Linux
Software Support
Windows 7 or up (64 bit)
Operation Screen
Touchscreen
3D Data Format
STL
Supported Material
Rigid Resin, Hard Resin, Tough Resin, ABS Resin, etc.
Feeding System
Auto Detection, Auto Feeding and Resin Forewarning

Capacity of the Material Box

1kg*2 (with two resin vats)

Spot Size

0.0081mm² (0.09mm)

Forming Precision

±0.1mm (L≤100mm) 或±0.1% xL (L>100mm)

Layer Thickness

0.05、0.1、0.15mm

Isolation Technology

Automatic Tilt Separation

Voltage

110/220V

Power

600W
