

Features & Design

Essential performance for any business

Maximum productivity: 13th Gen Intel® Core™ U-series processors offer businesses the performance to create high-end content and run your day-to-day business applications.

Next-level computing: Available on systems with Intel® Core™ Ultra processors , enable optimized power efficiency and be ready to handle the next generation of AI workloads that businesses require to stay ahead of the game. The Latitude 3450 with Intel® Core™ Ultra offers battery life up to 10% longer on average than the previous generation .

Time saver: Effortlessly jumpstart your workflow with the Copilot Hardware Key on your device, saving you time by providing quick access to the tools you need to start your workday. 

Intelligent collaboration: Users enjoy smoother collaboration with AI-boosts that make Windows Studio Effects even better, with features like smart framing and noise suppression that don't impact overall system performance.

Lightning-speed: Fast response time and improved performance with up to 64GB DDR5 upgradable memory .

Built for efficiency: Choose from various battery options up to 54Whr, including Long Life Cycle. Charge up to 90% of your battery in an hour with Dell Optimizer's ExpressCharge™ .

Always Camera Ready

Look your best on conference calls thanks to simultaneous multi-exposure High Dynamic Range (HDR). Available on configurations with an FHD or FHD IR camera, HDR technology takes several pictures simultaneously and blends them to accurately capture image detail in challenging lighting conditions, such as windowed offices and conference rooms.

Modern design to boost productivity

Sleek design: Latitude 3450 is a small laptop that comes in a soft charcoal color with a refined texture for a modern look.

Built for productivity: Premium-feel keyboard with durable, laser-etched key prints delivers long key travel for enhanced comfort.

Comfortable touch: The clickpad has a glass-like feel that provides a more comfortable experience.

Created for combining forces

Crystal clear audio: Intelligent audio removes background noise on both ends of the call, while Dynamic Volume adjusts your PC speaker volume so you can hear your call clearly over unexpected noises.

Look your best: Choose between multiple camera options up to FHD+IR, now with HDR technology and TNR4.

Create the perfect view: Enjoy a wide array of display options, including FHD touch  and a battery life saving option .

Confidently confidential

Layered security: The industry's most secure  commercial PCs offer Dell SafeID, Dell SafeBIOS, fingerprint readers, TPM chip and lock slot options and pass MIL-STD 810H tests.

Seamless sign-on: Sign-in securely and effortlessly with the optional Windows Hello supported FHD-IR camera.

Peace of mind: Control your privacy with the mechanical camera shutter and mic mute button right at your fingertips.

Experience uncompromised connectivity

High-speed connections: Available Wi-Fi 6E ensures you're always connected at the industry's fastest speeds .

Productivity anywhere: Network Optimization joins the best available network, prioritizes conferencing apps and delivers fast data and video downloads with the world's first simultaneous multi-network connection .
