

ViS 8+4 AES XLR Output Expansion Option Card

High-Performance Hybrid 8-Channel Line Analog & 4-Channel (8-Ch Audio) AES/EBU Digital Output Card for Soundcraft Digital Consoles & Stageboxes

01. PRODUCT OVERVIEW

The Soundcraft ViS 8+4 AES XLR Output Option Card (SKU: A947.043700SP) is a professional-grade output expansion module engineered for Soundcraft Vi Series digital mixing consoles and Compact Stagebox systems.

Combining high-resolution analog line outputs with broadcast-quality AES/EBU digital outputs, this card provides comprehensive output connectivity for live sound touring, broadcast feeds, studio distribution, and system amplification.

02. KEY FEATURES & HIGHLIGHTS

- Hybrid Architecture:** Combines 8 balanced analog outputs and 4 AES/EBU stereo digital outputs in a single expansion card.
- Premium Neutrik Connectors:** Equipped with 12 x gold-plated Neutrik XLR female chassis connectors for maximum durability and low contact resistance.
- High-Resolution Audio:** 24-bit / 48kHz digital conversion delivering pristine audio fidelity and ultra-low noise floor.
- Tour-Grade Reliability:** Factory tested spare card built to rigorous Harman professional standards.
- Versatile Routing:** Direct DSP bus output routing for PA drives, broadcast feeds, and digital multi-track recorders.

03. TECHNICAL SPECIFICATIONS

Part / SKU	A947.043700SP
UPC Barcode	688705001548
Analog Line Out	8 Channels (Balanced)
Digital AES Out	4 Stereo Pairs (8 Channels total)
Total Connectors	12 x Neutrik XLR Female
D/A Conversion	24-bit / 48 kHz
Signal Format	AES3 / AES-EBU & Analog Line
Max Output Level	+26 dBu Headroom
Output Impedance	< 50 Ω Electronically Balanced
Condition	Packed, Factory Tested Spare

04. SYSTEM COMPATIBILITY

Console Series	Soundcraft Vi1, Vi2, Vi3, Vi5000, Vi7000
Stagebox Racks	Compact Stagebox (CSB), Vi Stagebox
Local Rack Slots	Compatible Expansion Option Card Slots

05. PHYSICAL & DIMENSIONAL SPECIFICATIONS

Card Dimensions	9.0" x 5.0" x 1.0" (22.8 x 12.7 x 2.5 cm)	Card Net Weight	Approx. 1.0 lbs (0.45 kg)
Package Dimensions	38.6 cm x 41.1 cm x 16.4 cm	Packed Gross Weight	1.10 kg (2.42 lbs)
Form Factor	Modular Expansion Option Card	Connector Coating	Gold-plated contact pins

Notice: This component is a genuine Soundcraft factory replacement/option card (Part No: A947.043700SP). Ensure system power is disconnected prior to card insertion/removal in Stagebox or Local Rack card slots.
