

ViS 16 XLR In for Vi1 (17–32) Expansion Option Card

High-Grade 16-Channel Analog Mic/Line Input Expansion Card (Channels 17–32) for Soundcraft Vi1 Consoles & Stageboxes

01. PRODUCT OVERVIEW

The Soundcraft ViS 16 XLR Line/Mic Input Card (SKU: A947.043100SP) is a high-performance 16-channel analog input module designed specifically for expansion in Soundcraft Vi1 digital mixing consoles and compatible stagebox systems.

Labeled specifically for input channels 17 through 32, this factory-tested spare card allows seamlessly adding 16 high-grade analog microphone/line inputs equipped with individual remote-controllable preamps and phantom power.

02. KEY FEATURES & HIGHLIGHTS

- 16 Studio-Grade Mic/Line Inputs:** Dedicated 16 balanced analog inputs labeled for channels 17–32 with ultra-low noise preamps.
- Neutrik Female XLR Connectors:** Fitted with 16 heavy-duty Neutrik 3-pin XLR female chassis connectors for secure locking.
- Remote Control Integration:** Seamlessly integrates with Vi Series software for remote gain control and individual +48V phantom power switching.
- 24-bit / 48kHz A/D Conversion:** Premium A/D converters delivering high dynamic range and transparent audio fidelity.
- Packed & Factory Tested Spare:** Genuine Harman replacement part, packed and factory certified for long-term field reliability.

03. TECHNICAL SPECIFICATIONS

Part / SKU	A947.043100SP
UPC Barcode	688705001531
Input Channels	16 Analog Mic/Line (17–32)
Connector Type	16 x XLR Female (3-Pin)
A/D Conversion	24-bit / 48 kHz
Phantom Power	+48V (Individual Channel Switchable)
Max Input Level	+26 dBu Headroom
Input Impedance	2.7 kΩ Balanced Mic Input
Condition	Packed, Factory Tested Spare

04. SYSTEM COMPATIBILITY

Target Console	Soundcraft Vi1 Digital Console (Channels 17–32 expansion)
Other Consoles	Soundcraft Vi2, Vi3, Vi5000, Vi7000
Stagebox Units	Compact Stagebox (CSB), Vi Stagebox

05. PHYSICAL & DIMENSIONAL SPECIFICATIONS

Card Net Weight	Approx. 0.50 kg (1.1 lbs)	Packed Weight	Approx. 1.15 kg (2.53 lbs)
Card Dimensions	22.8 cm x 12.7 cm x 2.5 cm	Form Factor	Modular Slot Expansion Option Card
