G-Technology®

UP TO 16TB!

G|SPEED® *eS* PRO

High-Performance, Fail-Safe RAID Solutions for HD/2K Production

G-SPEED® eS PRO provides professional content creators better than Fibre-Channel performance for demanding post production applications. G-SPEED eS PRO features mini-SAS connectivity for very high performance operation.

When used with an ATTO R680 PCIe RAID controller, a single G-SPEED eS PRO enclosure with four hot-swappable Enterprise-class 7200RPM SATA drives supports real-time playback of 10-bit uncompressed 1080/60i with over 400Mb/sec performance. Two G-SPEED eS PRO units in protected mode (RAID 5) achieve close to 1000MB/sec performance and support two simultaneous streams of uncompressed 10-bit HD or a single 2K DPX sequence. G-SPEED eS PRO is simply the most cost-effective desktop RAID storage solution designed specifically for high-end post.

KEY FEATURES

- High-speed, low-cost RAID designed specifically for professional content creation applications

- Two 16TB G-SPEED® eS PRO units reach over 1000MB/sec performance!

- Supports multi-stream SD, ProRes 422, uncompressed HD & 2K DPX workflows when used with ATTO R680

- Four hot-swappable Enterprise-class 7200RPM, 3.5" 3Gbit SATA drives each with up to 64MB cache

- Storage capacities up to 16TB per unit — scalable to 32TB*

- Unique industrial design, compact all aluminum enclosure

- Mac OS® and Windows® compatible

- 3-Year limited warranty

SPECIFICATIONS

Interface	1x 12Gbit, mini-SAS
Size (LxWxH)	9" x 4.75" x 6.75"
Weight	12.5 lbs
System Requirements	Mac OS® 10.9+
	Windows® 10, Windows® 8.1 and Windows® 7 (via reformat)
	RAID controller with mini-SAS connectivity. ATTO R680 recommended
Retail Packaging	Box dimensions (LxWxH): 9.5" x 16" x 9.13"
	Master carton: 3
	Master cartons per pallet: 12
	Pieces per pallet: 36
