

VS-231/ VS-431

2/4 Port HDTV AV Switch

- The 2 port VS-231 and 4 port VS-431 make plugging and unplugging devices a thing of the past. These high quality component video (YPbPr) switches with on-board stereo audio are perfect for HDTV enthusiasts who want to add more inputs to their high-definition display. Use the VS-231 to effortlessly connect a DVD player and set-top box or satellite receiver to your HDTV or projector. Or, for the home theatre buff, the VS-431 provides a complete switching solution. The IR remote is an added convenience, allowing you to enjoy multimedia switching from the comfort of your seat.

Features

- Displays the video output of two or four digital devices on a single high definition monitor or projector
- Stereo audio support
- Complete home theater switching solution
- Quick and easy switching via front panel push button(s) or IR remote control
- Seamless electronic switching for greater reliability and durability
- 250MHz video bandwidth
- Easy installation
