

## 16" CityGear Topload

### Overview

The Targus 16" CityGear Topload supplies an abundance of features into a fashionable new design that provides storage for all devices and accessories into one simple case. The topload includes a protective, scratch-free pocket designed to protect an iPad®, eReader and most tablets up to 10". The padded laptop section is designed to keep your 16" laptop protected and features a removable mesh accessory pouch and zip-down workstation with storage for business cards, media, pens/pencils and more. A rear slip pocket provides convenient document storage to keep files safe while the luggage strap allows for easy attachment to rolling luggage. The adjustable/removable shoulder strap provides comfort and makes the case easy to carry to help prevent damaging drops. The CityGear topload is an all-encompassing case that provides a stylish, functional and durable travel solution.
