

Logitech®

Wireless Mouse M705

Run for years

- **Three-year battery life**** Battery life may vary depending on your use.
- **Hyper-fast scrolling**
- **Designed for control**
- **Logitech® Unifying receiver**
- **Laser tracking**

Logitech® Wireless Mouse M705 lets you power on... and on. It uses far less power than comparable wireless mice from other companies, so you'll go up to three full years between battery changes*. And it uses a tiny wireless receiver that stays plugged in to your computer, so your mouse is ready to go – whenever, wherever and for as long as it takes. Plus, hyper-fast scrolling means you'll fly through long documents to find what you need in a flash. Laser tracking means you'll get smooth, responsive cursor control. And the sculpted, right-hand shape means you'll be as comfortable finishing up as you were getting started.

SYSTEM REQUIREMENTS

Windows-based PC

- Windows® XP, Windows Vista® or Windows® 7
