

HP 1TB SATA 6Gb/s 7200 Hard Drive (LQ037AA)

Overview

Hardware compatibility

Most SATA Hard Drives are compatible with all of the current HP xw-series and Z-series Workstations (check the individual workstation QuickSpecs for current hard drive compatibility information). When ordering drives as After Market Options for use in an optical bay, order an appropriate bracket. Not all hard drive models are available in all regions.

SATA 7200 rpm drives are our standard high bandwidth hard drive storage options; most workstation models are also available with high performance 10K rpm rotation speeds. Storage capabilities range up to a massive 2.0 TB.

Specifications

Drive height

3.5 inch

Package dimensions (W x D x H)

184 x 232 x 95 mm

What's included

Warranty

Your Option Limited Warranty is a one (1) year (HP Option Limited Warranty Period) parts replacement warranty on any HP-branded or Compaq-branded options (HP Options). If your HP Option is installed in an HP Hardware Product, HP may provide warranty service either for the HP Option Limited Warranty Period or the remaining Limited Warranty Period of the HP Hardware Product in which the HP Option is being installed, whichever period is the longer but not to exceed three (3) years from the date you purchased the HP Option.
