

## Aluminum Interactive Counterbalance Monitor Arm

### LDT10-C012

For most 13"-32" LCD monitors

#### Description:

The LDT10-C012 is constructed with elegant die casting aluminum and innovative counterbalance technology. It can efficiently free up space on your desk and easily move your LCD monitor into the best ergonomic position. Highly adjustable arm moves up, down, forward and back with just a touch. With maximum weight capacity of 9kg/19.8lbs, this desk mount features 180° monitor rotation, -90°~ +90° tilt, 180° swivel and vertical distance height adjustments. The desk arm is designed with cable management to provide neat desk space. Removable VESA panel makes installation more easily. The monitor mount is ideal for offices, homes, public area, industrial settings, production line and many more.

#### Features

- ✧ Gas spring structure offers perfect counterbalance presentation in all directions
- ✧ Built-in spring tension gauge adjusts for various arm weight loads.
- ✧ Effortlessly swivel, tilt and portrait-to-landscape rotation provide a wide range of movement.
- ✧ Create a clean sleek look by concealing cables from sight.
- ✧ Both grommet and desk clamp mounting available.
- ✧ Detachable VESA plate makes the installation much easier by screwing into your monitors and then sliding back onto the arm.
