POWERSHRED® 225i

Unique Features

How the 100% Jam Proof System works:

- 1 The shredder electronically measures paper thickness to prevent paper jams.
- 2 Watch the light bar while you shred:
 - Green to yellow means you are within the recommended range
 - Red means the shredder is overfed – remove excess paper to resume shredding.
- 3 If a misfeed occurs, the 100% Jam Proof System will power through it!

100% Jam Proof eliminates paper jams and powers through tough jobs

SilentShred® Technology minimises disruption in shared work spaces

SafeSense® Technology immediately stops shredding when hands touch the paper entry

Energy savings system reduces in-use energy consumption and powers down after 2 min of inactivity
