

Energizer CKITB1BHLI3 Car Vent Lightning Kit:

Energizer car kit is the perfect complete solution for charging your smartphone at high speed wherever you go. It comprises a mount, which attaches to the air vent and a 2.4A charger with a Lightning cable. The inside of the stand is covered with anti-slip coating to hold your mobile securely throughout your travels. The adjustable brackets expand to fit most smartphones with screen sizes up to 6".
